## 1004. CHARACTERIZATION OF SERVICE

## 1. Importance of Proper Characterization

- a. Characterization is recognition of the quality of a Marine's performance and conduct. Determining the proper characterization should not be underestimated. Characterization serves as a goal for each Marine and as a meaningful endorsement to potential employers.
- b. Most Marines serve honorably. In fairness to those Marines, commanders and separation authorities should ensure that undeserving Marines receive no higher characterization than is due.
- 2. Types of Characterization or Description. Characterization of service or description of separation based upon administrative action is authorized as follows:
  - a. Honorable. This is the highest quality of characterization.
- (1) Honorable upon EAS separation. Honorable characterization is appropriate when the quality of the member's service has met the standards of accepted conduct and performance of duty for military personnel. Therefore, characterization will be honorable for Marines with average proficiency marks of 3.0 or higher and average conduct marks of 4.0 or higher.
- (2) Honorable upon involuntary separation under chapter 6 or separation in lieu of trial by court-martial. Honorable is appropriate only if the Marine's service, notwithstanding the basis for separation, is otherwise so meritorious that any other characterization would be clearly inappropriate. See paragraph 1004.3 and the specific basis in chapter 6.
- b. General (Under Honorable Conditions). This is the second highest quality of characterization.
- for Marines with average proficiency marks below 3.0 and average conduct marks below 4.0. The separation authority may determine a fully honorable characterization of service is warranted, however, this discretion should only be used in rare circumstances.
- (2) General upon involuntary separation under chapter 6 or separation in lieu of trial by court-martial. General (under honorable conditions) is appropriate if the member's service has been honest and faithful but significant negative aspects of the member's conduct or performance outweigh positive aspects of the member's military record. See also paragraph 1004.3 and the specific basis in chapter 6.
- c. Under Other Than Honorable Conditions (OTH). This is the least favorable characterization.
  - (1) OTH upon EAS separation. Not authorized.
- (2) OTH upon involuntary separation under chapter 6 or separation in lieu of trial by court-martial. OTH is appropriate when the basis for separation is commission or omission of an act that constitutes a significant departure from the conduct expected of a Marine. Examples of factors that may be considered include, but are not limited to, the use of force or violence to produce serious codily injury or death; abuse of special positions of trust;

- 2 Retention is warranted under the limited circumstances described in paragraph 6207.2a or 6207.2b.
- (3) If there has been a waiver of the board proceedings, the separation authority shall dispose of the case in accordance with the following provisions:
- (a) If the separation authority determines that there is insufficient evidence to support separation, the separation authority shall direct retention unless there is another basis for separation for which the member has been duly notified; or
- (b) If the separation authority determines that one or more of the circumstances authorizing separation as described has occurred, the member shall be separated unless retention is warranted under the limited circumstances described in paragraph 6207.2a or 6207.2b.
- 8. Limitations. Nothing in these procedures:
- a. Limits the authority of the Secretary of the Navy to take appropriate action to ensure that there has been compliance with the provisions of this policy;
- b. Requires that a member be processed for separation when a determination is made that:
- (1) The member engaged in acts, made statements, or married or attempted to marry a person known to be of the same biological sex for the purpose of avoiding or terminating military service; and
- (2) Separation of the member would not be in the best interest of the Marine Corps;
- c. Precludes retention of a member for a limited period of time in the interests of national security as authorized by the Secretary of the Navy;
- d. Authorizes a member to seek Secretarial review unless authorized in procedures promulgated by the Secretary of the Navy;
- e. Precludes separation in appropriate circumstances for another reason as described in this chapter; or
  - f. Precludes trial by court-martial in appropriate cases.

### 6208. RESERVED FOR FUTURE USE

### 6209. ALCOHOL ABUSE REHABILITATION FAILURE

- 1. A Marine who has been referred to a program of rehabilitation for personal alcohol abuse and/or dependency, may be separated for failure through inability or refusal to participate in, cooperate in, or successfully complete such a program in the following circumstances:
  - a. There is a lack of potential for continued naval service; or

- b. Long term rehabilitation is determined necessary and the Marine is transferred to a civilian medical facility for rehabilitation.
- 2. Initiate separation proceedings following the procedures in paragraph 6303 or 6304 as appropriate.
- 3. Characterization is honorable, general (under honorable conditions), or uncharacterized per table 6-1.
- 4. Nothing in this paragraph precludes separation under other provisions in this Manual. See MCO  $\frac{5300.1A}{P/1900.24B}$  for further information. (CL-1)

General Eligibility. The eligibility for benefits set forth are not the sole determining factors, but only list the effect of the various types of discharge. The states also provide various benefits that will be influenced by the type of discharge, but information on state benefits should be obtained from state agencies.
