Dear Mr Puckett,

I took great interest in your company profile described on your homepage and I am writing to enquire whether you have a vacancy for a four-week internship within the month of September 2011.

I am 24 years old and I am studying Law at the University of Hamburg, Germany, with a main focus on International Criminal Law. I have attended a seminar dealing with the specific characteristics of the Common Law and it would be great for me to get the opportunity of becoming acquainted with another foreign legal system.

Besides this I highly appreciate international experiences and I am very eager to gain practical knowledge by working with Puckett & Faraj, PC. This will not only help to improve prospects for my future professional career, but also allow me to learn more about your country and culture.

During my internship in a Real Estate Company I could gain experience in this area and I would like to improve my skills with working in your company.

Due to my internship at the Criminal Court of Hamburg I am familiar with the operations in German negotiations and I would like to deal with negotiations in the Common Law System as well.

My enclosed Curriculum Vitae provides you with an overview of my experiences, skills and interests.

For further information, please feel free to contact me anytime. I greatly appreciate your interest and I am looking forward to hearing from you soon.

Yours sincerely,
Johanna Redlefsen
