USMC FITNESS REPORT (1610) FITREP ID #629390 NAVMC 10835A (Rev. 1-01)(P A-PES 5.2.3.8) DO NOT STAPLE PREVIOUS EDITIONS WILL NOT BE USED COMMANDANT'S GUIDANCE THIS FORM																
The completed fitness report is the most important information component in manpower management. It is the primary means of evaluating a Marine's performance and is the Commandant's primary tool for the selection of personnel for promotion, augmentation, resident schooling, command, and duty assignments. Therefore, the completion of this report is one of an officer's most critical responsibilities. Inherent in this duty is the commitment of each Reporting Senior and Reviewing Officer to ensure the integrity of the system by giving close attention to accurate marking and timely reporting. Every officer serves a role in the scrupulous maintenance of this evaluation system, ultimately important to both the individual and the Marine Corps. Inflationary markings only serve to dilute the actual value of each report. Reviewing Officers will not concur with inflated reports.
