Mr. Amir Mohammad Estakhri,

I would like to take the opportunity to say "Thank You" for your dedication, commitment, and tireless efforts in providing Dari Linguist to CSM solutions Inc. while working on the United States Central Commands' "Regional Cooperation Exercise 07" in Astana Kazakhstan.

CSM is proud of the excellent working relationship that has been created between our companies. Success was achieved through a combination of superior work ethic and continued determination. The 7 Dari Interpreters/Translators conducted themselves in a professional manner. Their skills, knowledge, and expertise were invaluable. The management abilities you showed set the standards for all to follow.

In this day and age, creating and sustaining training realism is an important part of any training mission. Training realism becomes a training mission multiplier when applied properly. You as an individual, and the others as a team, became that realism and training mission multiplier. Your professionalism and attention to detail was evident during the recruitment, vetting, testing, and hiring phase, which continued thru your personal management of the team throughout this assignment. I feel confident to speak on your behalf when I say we share the same satisfaction for the opportunity to support some of the finest professionals in the world.

Sincerely,

Richard E. Kimberly  
Senior Operations Manager
