Deal of the Day

To purchase a Deal of the Day, simply click the "Add to Cart" button from the [Gold Box page](#) or the item's product page. When you have a choice between similar related products like different sheet sizes, you'll see a "Learn more" button on the Gold Box page that will take you to a different page where you can make your selection. The price discount is available that day only, so be sure to complete the checkout process.

Our Best Deals

These are deals collected from across Amazon.com. When the deal features a single discounted item, you can purchase it from the [Gold Box page](#) by clicking the "Add to Cart" button. Promotions that offer a choice of products or that have additional eligibility instructions will have a "Learn more" link to a page with details. Be sure to click "See all our deals" to review the entire list of Best Deals.

Lightning Deals

A Lightning Deal is a promotion in which a limited number of discounts are offered on a single item for a short period of time. They can be found throughout Amazon.com, including the [Gold Box page](#), and they are available, one per customer, until either the promotion period for the deal expires or all the available promotional discounts are claimed.

Please see our [Lightning Deals Help page](#) for information about finding and claiming Lightning Deals in the Gold Box and locations throughout Amazon.com.

Quick Picks

Every day, your Quick Picks will feature a new set of items selected specifically for you, accompanied by an additional savings coupon. You must be signed in with your customer account to see the deals, and you may only purchase one Quick Pick item per day, so be sure to review the items carefully. You must click the "Add to Cart" button on the [Gold Box page](#) to be eligible for the Quick Picks coupon. Once you add one of the items to your Cart, you have 60 minutes to complete the checkout process before the additional savings coupon expires. The coupon savings will display on the final order confirmation page under "Order Summary."

The coupon for the other items automatically expires after you've selected one to add to your Cart.

Combining Deals

You can purchase items featured in different Gold Box sections on the same day. For example, you could purchase a Deal of the Day item, a Quick Pick item, and an item featured in Our Best Deals. In some cases, it will not be possible to purchase two different Lightning Deal items or a combination of a Lightning Deal item and a Quick Pick item in the same order and receive coupon savings for all the items. We recommend that you purchase Lightning Deal items and Quick Pick items in separate orders to make sure that you'll receive the coupon savings for each item.
