# Linguist Operations & Technical Support

ANY LANGUAGE. ANYWHERE.  
ANY TIME.

One Source Global Language Solutions

Since 2005, 3D Global Solutions has been a premier provider of language support services for the U.S. Department of Defense and the Intelligence Community.

### **WHO WE ARE**

The 3DGS team has deployed over 15,000 linguists, speaking more than 35 different languages across 15 U.S. states and 20 different countries. 3DGS linguists are more than simply interpreters and translators; they are also cultural advisors and analysts. We help our government and commercial customers gain true awareness, knowledge and understanding of the foreign languages and cultures important to their business.

We are a preeminent provider of language services in the industry. Our programs are staffed with highly skilled men and women whose professionalism, ethics, integrity, and commitment to quality ensure mission success. Competent, dedicated, experienced, and versatile, 3DGS is respected around the globe for delivering quality results under often dangerous conditions.

### **WHAT WE DO**

3DGS does not merely provide linguists and analyst; we provide total language and professional management solutions. 3DGS provides linguists, linguists-analyst, and cultural/language training specialist for military organizations of the U.S. and its coalitions partners, other federal and state government agencies, and commercial enterprises.

Our team is comprised of native, heritage, and military trained language professionals. We locate, pre-screen, recruit, test, clear, and deploy linguist and management support personnel under stringent skills testing and government security screening procedures.

To support these highly skilled personnel around the world, 3DGS has developed extremely sophisticated logistics, operations, and infrastructure support capabilities, including:

- Quickly establishing effective operational support capabilities in new and hostile locations
- Ensuring that cash payroll operations are seamless and timely
- Supporting management personnel with residential and office facilities
- Establishing vehicle maintenance support
- Telecommunications
- VSAT services
- Providing the tools to implement personnel tracking and accountability procedures

## **OUR MISSION**

With global reach, an unmatched quick reaction capability, and comprehensive understanding of current intelligence, contingency, and training operations, 3DGS personnel arrive fully mission-capable and uniquely dedicated to the success of any customer. We define our customers as teammates.

Regardless of size, scope, or complexity of the mission, 3DGS formulates, adapts, and provides customized solutions to any short or long-term language requirements.

## **SERVICES**

Linguist and Linguist Analyst Support. We provide a full range of language services in support of U.S. coalition military, intelligence, and law enforcement operations. Operational linguist services include foreign language interpretation, translation, transcription, document and media exploitation and analysis in both classified and unclassified settings.

We have successfully conducted large-scale linguist operations in worldwide contingency settings, while recruiting, managing, and sustaining linguist operations in forward-deployed environments.

### **Intelligence and Counter- Intelligence Analyst Support**

3DGS provides analysis, planning, and operational support to:

- Signals Intelligence (SIGINT)
- Counterintelligence and Human Intelligence (CI/HUMINT)
- Measurement, Acoustic & Seismic Intelligence (MASINT)
- Open Source Intelligence
- All-Source Intelligence operations

### **Language and Cultural Training Operations**

3DGS provides in-depth cultural awareness training for the military and intelligence community.

Augmenting 3DGS' Language and Cultural Awareness Training, our realistic role players simulate actual conditions in deployed AOs for military pre-deployment exercises:

- Real native-speaking populace and village leaders
- Specialized paramilitary and host nation police units
- Shoot/don't shoot exercise scenarios and training videos
- Open range and urban warfare exercises
- Cleared linguist personnel for SOF exercises

### **Logistics, Admin and Program Management Support**

3DGS has extensive experience procuring and establish local communications, transportation, facilities, and logistics networks in the Middle East and Asia. Our in-depth expertise working with foreign industry partners and vendors positions 3DGS as a proven leader in:

- Providing support to U.S. Governments, Allied and commercial customers as they deploy and sustain large-scale operations in foreign locales
- Advising clients as they identify, screen/evaluate, and manage numerous in-country providers of goods and services for the U.S. or third-country clients
