PRETRIAL ORDER

ACCUSED MARINA D. LOPEZ

1. This Pretrial Order is issued pursuant to RCM 701(g)(1). This order is intended to complement and ensure the smooth and orderly progression of this case. Nothing within this order shall be construed to supercede any rule found within the Manual for Courts-Martial or other regulatory, statutory or constitutional obligation or right of either party.

Unless otherwise specifically noted, all documents or motions ordered or filed with the court shall be filed with the court and opposing counsel **no later than 1200** on the day ordered.

2. Trial is set to begin in the above styled case at **0800, 12-15 April 2010** at Marine Corps Base Quantico, Virginia. Counsel shall comply with this order or seek relief from the undersigned judge or the Circuit Military Judge as soon as possible. **Items preceded by an asterisk shall also be provided to the military judge.**

3. Not later than **11 March 2010**, trial counsel shall provide the following items to the defense:

- a. Papers accompanying the charges, convening orders, and statements. (RCM 701(a)(1)).
- b. Names, phone numbers, addresses, and for military witnesses, unit of assignment of witnesses in the government's case in chief. (RCM 701(a)(3)).
- c. Notice of records of prior convictions of the accused to be offered on the merits, if any. (RCM 701(a)(4)).
- d. Notice of immunity or leniency to prosecution witnesses, if any. (MRE 301(c)(2)).
- e. Disclosure of known evidence that is favorable to the defense, if any. (RCM 701(a)(6)).
- f. Disclosure of relevant statements made by the accused, if any. (MRE 304(d)(1)).
- g. Disclosure of evidence seized from or the property of the accused, if any. (MRE 311(d)(1)).
- h. Disclosure of evidence of prior identification of the accused, if any. (MRE 321(c)(1)).
- i. Disclosure as required by MRE 413(b), and 414(b) if applicable.

4. Not later than 5 calendar days after receipt by the trial counsel of a request from the defense counsel under RCM 701(a)(2) or (5), or MRE 404(b), trial counsel will provide the notice or make the disclosures required by the applicable rule.

5. Defense counsel will provide notice and disclosure to the trial counsel in accordance with the following schedule:

*a. Not later than **15 March 2010**, submit any request for the employment of a defense expert [consultant and/or witness]. (RCM 703(d)).

b. Not later than **15 March 2010**:

(1) Request production of out-of-area witnesses (RCM 703)(c)(2)(A)). An out-of-area witness is defined as one requiring funded travel and/or per diem. In this regard, the parties are reminded that a "synopsis" as this term is used in the RCM, is not a generalized statement of the subject matter of the witness' testimony. A "synopsis" is a summary, in narrative form, of the requested witness' actual testimony. Response to Defense requests for witness production are due no later than **18 March 2010**.

*(2) If applicable, provide written notice of intent to offer evidence of the defense of alibi, innocent ingestion, lack of mental responsibility, or the defense's intent to introduce expert testimony as to the accused's mental condition fully complying with RCM 701 (b)(2) in the particulars contained in the notice.

*(3) If applicable, file a written motion and provide notice of intent to offer relevant evidence of specific instances of the purported victim's past sexual behavior as required by MRE 412(c)(1)(A) and (B).

c. Not later than **15 March 2010**:

(1) Provide names, addresses, unit of assignment if applicable, and telephone numbers of witnesses for the defense case-in-chief and provide copies of their statements. (RCM 701(b)(1)(A)).

* (2) Provide notice of forum and pleas. This shall be accomplished, at a minimum with a Pretrial Information Report initiated by trial counsel and endorsed by defense counsel.

d. Not later than 5 calendar days after receipt by the defense counsel from the trial counsel under RCM 701(b)(1)(B) or RCM 701 (b)(3) or (4), the defense will make the disclosure required by the applicable Rule.

* 6. Not later than **22 March 2010**, both the trial and defense counsel will provide briefs on any motion. The responding party shall reply not later than 7 calendar days after receipt of the motion. All motions (except for docketing motions and continuance motions or those specifically delineated on a case-by-case basis by the undersigned military judge) **shall** include respective counsel's proposed findings of fact and findings of law. A pretrial 39a session will be held on **4 April 2010** to argue motions and resolve any outstanding issues.

7. The trial counsel shall notify the defense counsel of its intent to deny the defense any witness or expert consultant requested by the defense not later than 3 calendar days after receipt of a request for that witness. If a motion to compel production is deemed appropriate by the defense, counsel shall endeavor to make timely requests as well as timely motions to compel production so as to meet all milestone dates within this order or seek the Court's leave for alterations or deviations from this order. Deviations may be granted for good cause shown.

8. If during or before the court-martial, a party discovers additional evidence or material previously requested or required to be produced which is subject to discovery or inspection under RCM 701, or any other matter with regard to which notice or disclosure was required to be given under RCM 701 or this order, that party shall immediately notify the other party.

* 9. Not later than **8 April 2010**, if the forum selected will be with members (either on merits or sentencing only) both Trial and Defense Counsel shall provide to the court with appropriate service between themselves, as appropriate, a cleansed charge sheet, witnesses lists, proposed voir dire, proposed findings instructions and findings worksheet. Should the member's trial be for sentencing only, counsel may substitute proposed sentencing instructions and a sentencing worksheet for proposed findings instructions and worksheet.

10. During the pendency of this action, R.C.M. 802 sessions and or Article 39a sessions may be requested or directed as deemed necessary by the Court or parties.

Lopez, U.S. Marine Corps, on active duty, did, at or near Marine Corps Base Quantico, Virginia, between on or about 6 October 2010 to on or about 4 November 2010, fail to obey a lawful general order, to wit: Marine Corps Order 1700.28, by causing candidates to suffer or be exposed to activities that were cruel, abusive and humiliating.

Charge III: Violation of the UCMJ, Article 93

Specification: In that Staff Sergeant Marina D. Lopez, U.S. Marine Corps, on active duty, did, at or near Marine Corps Base Quantico, Virginia, between on or about 6 October 2010 to on or about 4 November 2010, was cruel toward Officer Candidates, persons subject to her orders, by:

- Running the platoon during hours of darkness in an area with uneven terrain and several obstacles which resulted in at least one injury.
- Running on the parade deck after evening chow which resulted in candidates vomiting on the Parade Deck and not being provided with medical care.
- Not providing enough time to hygiene despite an increased occurrence of bacterial pneumonia and an increased likelihood of cellulites.

Charge IV: Violation of the UCMJ, Article 134

Specification: [*Obstructing justice*] In that Staff Sergeant Marina D. Lopez, U.S. Marine Corps, on active duty, did, at or near Marine Corps Base Quantico, Virginia, between on or about 6 October 2010 to on or about 4 November 2010, wrongfully influence the actions of First Platoon Officer Candidates by telling them not to inform their Platoon Commander about the misconduct of Staff Sergeant Lopez and Gunnery Sergeant Jennifer N. Kelton, U.S. Marine Corps.

REASON FOR INTERVIEW: FAILURE TO FOLLOW ORDERS AND DISRESPECT

INTERVIEWERS REMARKS: SNC is being counseled on this date for not following orders and being disrespectful. Specifically, SNC was told to put her weapon together and to turn it in for a bore check and rifle count at the end of the squad bay. SNC was sitting on her campstool laughing and joking with the Candidate sitting next to her instead of turning in her weapon. SNC completely disregarded that the Sergeant Instructor gave the platoon a direct order and was laughing behind her back. After being counseled on her conduct, SNC was told she would receive an unfavorable Candidate counseling form (Chit) for that incident. It is to be completed with the Candidate's explanation and plan for improved performance. This chit was assigned on 101020.

SNC has been reminded she must commit 100 percent to training, following all orders and regulations, and respecting to all Candidates and staff. She will turn in all Chits at the time prescribed and with an explanation. The SNC will study the Marine Corps' Core Values of Honor, Courage and Commitment, the 11 leadership principles and the 14 leadership traits. SNC will pay particular attention to COMMITMENT, RESPONSIBILITY OF HER ACTIONS and DEPENDABILITY. The SNC is reminded that all aspects of the SNC's performance while at OCS are evaluated. The SNC can find further guidance in the candidate's regulations, her fellow candidates or from her platoon staff.

REASON FOR INTERVIEW: DISRESPECTFUL/NONCHALANT ATTITUDE

INTERVIEWERS REMARKS: The SNC has displayed a disrespectful/nonchalant attitude towards the Sergeant Instructor. Specifically, on the above date SNC was being counseled on her deficiencies on her civilian attire and to speak up when she was speaking to the Platoon Commander. SNC responded and started talking with her hands moving them away from her sides. The following day SNC was once again being counseled on her deficiencies for not sounding off to a Sergeant Instructor and constantly having to be corrected about her customs and courtesies. SNC fails to correct herself and continues to have no respect for the Marine Corps, customs and courtesies and the military rules and regulations we adhere to.

The SNC is instructed that she must give 100 percent, whole-hearted effort at all times in order to successfully completing training. The SNC is reminded that all aspects of the SNC's performance while at OCS are evaluated and that further displays of the mentioned behavior will not be accepted. The SNC will follow all orders and regulations or she may be referred to the Commanding Officer of Officers Candidate School for dismissal. The SNC can find further assistance in the candidate regulations, her fellow Candidates and the Platoon Staff.

REASON FOR INTERVIEW: LACK OF INTEGRITY

INTERVIEWERS REMARKS: The SNC is being counseled on her lack of integrity on the above date. The lack of integrity revolves around the use of the beverage machine while at the chow hall. SNC was seen getting powerade in her cup taking a drink and getting more powerade. SNC was corrected by the Sergeant Instructor immediately. SNC assumed no Sergeant Instructors were around and no one was watching therefore she did the wrong thing when no one was watching. While here at Officer Candidate School whenever Candidates are in the chow hall they are never allowed to drink right in front of the beverage station. SNC has a lack of integrity to do the right thing when no one is watching. SNC does not understand that the smallest integrity violations could result into to larger violations in the future. SNC still has not grasped the concept of Honor, Courage and Commitment. SNC does not display the actions of a Marine Corps Officer and does not set the example for her fellow candidates.

As a Candidate and potential Marine Officer, Candidate Hughey is evaluated to ensure she possesses a high degree of moral character and integrity. Marines do not "lie, cheat or steal!" This lack of character and integrity will not be tolerated. Candidate Hughey was instructed that this issue will be referred to the Platoon Sergeant and Platoon Commander and possibly an incidental board with the Commanding Officer of OCS. Candidate Hughey will correct her deficiencies immediately if she expects to complete Officers Candidate School. She will review her leadership traits, specifically integrity. Candidate Hughey will also review and understand our Core Values; Honor, Courage and Commitment. The SNC can seek further assistance from her fellow candidates, candidate regulations, platoon staff and company staff.

REASON FOR INTERVIEW: LATE FOR FIREWATCH (LACK OF TEAM WORK AND SELFISHNESS)

INTERVIEWER'S REMARKS: The SNC is counseled on this date on her lack of team work and selfishness. Specifically, the SNC failed to arrive for her assigned Fire watch 101012 @ 0400. The SNC was assigned fire watch and was given a class with specific instructions prior to any fire watch duties that she would not be late for fire watch. The SNC has demonstrated that she uses lack of team work and displays selfishness. The SNC does not understand the ramifications of her actions. The SNC's failure to report affected the Candidate whom she was to post with the remainder of the platoon. The length of assigned firewatch is based on the need to obtain rest to maintain alertness. The longer a Candidate has to stand post the more fatigued the Candidate will become and the higher the risk for an incident to occur. The SNC will follow all orders and regulations. She will correct her deficiency and report for all assigned duties. The SNC must further understand that she is being constantly evaluated and that continued infractions could lead to possible dismissal from OCS. The SNC can seek further assistance from her fellow candidates, candidate regulations, platoon staff and company staff.

REASON FOR INTERVIEW: LACK OF DISCIPLINE/ LACK OF INTEGRITY/ FAILURE TO ADAPT

INTERVIEWERS REMARKS: The SNC is being counseled on her lack of discipline, integrity and failure to adapt on the above date. The lack of discipline revolves around the talking while sitting in a formation studying knowledge. The lack of integrity revolves around doing the right thing when no one is watching. The failure to adapt revolves around that it is training day 27 and still cannot do the simplest tasks like studying without talking. SNC was observed talking with another candidate while she was in a formation studying. SNC was corrected by the Sergeant Instructor immediately. SNC assumed no Sergeant Instructors were around and no one was watching therefore she did the wrong thing when no one was watching. While here at Officer Candidate School whenever Candidates are entrusted to do tasks on their own they should not have to be babysat by a Sergeant Instructor. SNC has a lack of integrity to do the right thing when no one is watching. SNC does not understand that the smallest integrity violations could result into to larger violations in the future. SNC still has not grasped the concept of Honor, Courage and Commitment. SNC does not display the actions of a Marine Corps Officer and does not set the example for her fellow candidates.

REASON FOR INTERVIEW: LACK OF MILITARY BEARING/ FAILURE TO ADAPT

INTERVIEWER'S REMARKS: The SNC is counseled on this date on her lack of bearing. Specifically, on the above date, the SNC lost her bearing when she broke the position of attention while in platoon formation. The SNC reached up and was scratching her face during the time when the Sergeant Instructors were getting a count at the Tarzan Course. The platoon was asked who moved and SNC did not have the moral courage to take responsibility for her actions. Sergeant Instructors had to ask three times and call her name out before she would take responsibility of her actions. The SNC lacked the self discipline and bearing that has been instilled in her since training day 1. She had been instructed on the proper position of attention and the customs associated with it. SNC's failure to correct her deficiency is becoming a trend. The SNC will learn to follow all orders instantly and without question. The SNC will fully commit herself to the training and evaluation process at Officers Candidate School. The SNC must further understand that she is being constantly evaluated and that continued infractions could lead to possible expulsion from OCS. Candidate Company Commander: Overall performance was UNFAVORABLE. Candidate Company Commander did not try to report any numbers to the Duty Officer or Duty Instructor.

Candidate Company Executive Officer: Overall performance was UNFAVORABLE. SNC did not take the initiative to speak to the Candidate Co 1stSgt about any of the counts or changes. Also did not update numbers with the Duty Instructor or Duty Officer.

Candidate Company First Sergeant: Overall performance was UNFAVORABLE. SNC did not bother to report to the Duty Instructor because she was checking on COG/SOG and Post 1&2 candidates. SNC did not think checking in with Duty Instructor mattered at all.

Candidate Company Gunnery Sergeant: Overall performance was UNFAVORABLE. SNC did not know the morning formation procedures. SNC seemed unconfident and lacked a command presence. SNC had to be told to check in every 30 minutes so that the Duty Instructor received an update count from him. SNC did not pass accurate word of the next days training schedule to the company. SNC gave minimal effort while reporting in during the day. Once the 1900 formation was occurring SNC could not be found so that the Duty I could get accurate counts.
