THE SECURITY TEAM

After 10 or 15 years of service, most of the officers and NCO's of the Chilean Armed Forces are leaving the services in an effort to find higher salaries among their civilian counterparts. These recent events have generated a vast database of highly trained, well educated, bilingual young professionals ready for deployment overseas.

The possibility to work for international PMC's in organic SF groups it is a highly attractive business opportunity for the Chilean professional.

Today, by sharing the same family values, Chile it's the most pro-western nation in Latin America. With a booming economy and with the most stable and reliable form of democratic government in the region, Chile it is consider by the experts in Washington, DC to be the place to invest as a business platform for US and European Corporations.

WHO WE ARE:

Our staff is comprised of Tier One and Tier Two operators from the most elite Special Forces, Combat Arms and Intelligence units of the Chilean Armed Forces.

25% of our personnel are former Battalion, Company and Platoon Commanders of the Chilean Army Special Forces. 55% of our guards and senior NCOs are former Chilean Marine Corps Commandos, Tactical Divers and Paratroopers.

The other 20% of our operators and support personnel are a mix of intelligence officers, translators, K-9 handlers, EOD experts, LAV Mechanics and Marine Corps Snipers.
